

A proposal inspired by the efficiency and practicality of experienced design. This series is the revitalisation of conventional shapes turned into modern, urbane, elegant and serious solutions for a space with maximum comfort and one that complies with the precept of responsible use of the plant's natural resources.

Designed by
Toni Clariana

Toni Clariana is a Barcelonian designer. His career began in the automotive industry for SEAT, before moving on to work for Quod and Associate designers. He later created his own organisation: magma Design, which is characterized by its interdisciplinary and its approach on behalf of the industry. magma has received a number of awards, including the Hispack, a Delta Silver Adi-Fad award and the Premio Letra.
