

Traditional forms revitalised for the bathroom. This design line is defined by its classic bath concept, with gently curving and refined lines. A simple, sober, highly-versatile and unpretentious collection. The balance of a perfect finish for moments of well-being and relaxation.

BCF Design interprets forms whilst respecting function and emotive values. A way of understanding design that emphasises the timeless nature of the product above the ephemeral character of fashions. His partnership with Roca won Spain's National Design Award for 2002 for the Vythos bathtub.
